Intuitive Mark Making

Students will be encouraged to use a variety of media to create marks expressing their emotions or thoughts in an abstract way. Then, students can find realistic

images in their art, almost like cloud gazing!

Mantra Mugs

Students will learn how to create hand built slab mugs that they then can imprint with

an uplifting phrase or quote that reminds them to take care. The mugs can then be painted and decorated as the student desires.

Past, Present, and Future Self Portraits

Students will be prompted to think about objects, imagery, colors, or patterns that they feel represent who they were in the past, who they are now, and what they want to see in their future. Students will then incorporate this imagery into three self portraits that represent these times.
